World Day of Remembrance

The WDR for Road Traffic Victims is a globally recognised day, which always falls on the third Sunday of November. The day was introduced to remember the millions killed on the roads around the world, and to allow the bereaved to join together to reflect and remember the lives of those they loved. The day is also an opportunity to acknowledge the emergency services, and the tremendous work they do in responding to road crashes and collisions.

This service is open to people of all faiths, and people of no faith.

You are welcome to arrive from 2pm onwards, the service of remembrance will start at 2.30pm.

This will be a time to reflect, remember and honour those we have lost.

For those who wish to stay and share experiences with others from across the Midlands, light refreshments will be available after the service.

This service is organised by the RoadPeace West Midlands local group. For more information about local activities and RoadPeace in general, please visit www.roadpeace.org or please see the RoadPeace West Midlands Facebook page.

Please join us to remember those we have lost.

Please note this service will be filmed, and uploaded to YouTube. If you do not wish to be in any of the shots which will be filmed, please make this known to us on the day.

Covid-19: We politely request that all guests take a lateral flow test on the morning of 21st November, and that anyone who has a positive test or any symptoms suggestive of Covid-19, does not attend. Hand sanitiser will be made available at the entrance to the church, and there will be space to adequately social distance.
