*City of Motul, Yucatan, November 19, 2016.*

As every year on the third Sunday of November, the United **Movement for Our Road Safety** in the City of Motul, Yucatan, Mexico, commemorates the **World Day in Remembrance of Traffic Accidents Victims** in its *Seventh Edition*.

This activity was initiated by Luis Manuel Can Rosel on a Monday, November 21, 2010, with a walk that left the Chapel of the Virgin of Guadalupe in Colonia Felipe Carrillo Puerto, towards the center of the city, To the Municipal Palace. On that first trek they took candles, which were deposited in memory of all those people of Motul, who died in accidents or road accidents.

This year 2016, the World Day in Memory of Traffic Accidents Victims, in Motul, coincided with the parade on November 20, so the commemoration took place on Saturday, November 19 at 9 am, where Carried out the **Seventh Walk**, the **Fifth Ring**

**of Sirens** and for the **First Time** the **White Globe Liberation** with Helium was **performed** .

The goal is to honor those who have died or been injured with a life-long disability, caused by accidents or traffic accidents. It is to reflect that the life of a person and an entire family, can change in any second, by fault or irresponsibility and recklessness of a driver. The day is to create awareness that sinister roads can be avoided, creating our own road culture from our homes and in schools, and working together with the authorities.

The theme 2016 is: "**Vital Actions after an Accident: Medical Care, Research and Justice**".

The walk left the parking lot of Plaza Oasis at 9 o'clock in the morning and went to the Plaza Cívica, passing the Municipal Palace, opposite the Market November 20, surrounding the basketball court and children's playground.

*Luis Manuel Can Rosel, President of the United Movement for Our Road Safety.*

Arriving at Plaza Cívica, the President of the United Movement for Our Road Safety, Luis Manuel Can Rosel, gave a message, where he said - this day is to reflect, this day is to make people aware that road safety is In our hands; Is a day to remember all innocent people who died in an accident or traffic accident, speaking of victims, not only refers to the deceased, also refers to all those who suffered injuries or a disability for life Because of those sinister roads.

He also said that people who die in traffic accidents are mostly pedestrians, cyclists and motorcyclists. Driving a vehicle involves too much responsibility, since a driver has in his hands a lot of iron with a powerful engine, which at any moment can turn him into a killer. He added.

According to data provided by Traffic Engineer and Road Safety Auditor, René Flores Ayora, **in Yucatan** , since the beginning of **2016** , a total of **171 people have died** , of which:

**69 were motorcyclists , 24 cyclists , 32 passengers or companions, 21 drivers and 25 pedestrians** . Unfortunately these figures are increasing every day.
